Bregje Verhoeven, Mohamad Mohty and Natacha Bolaños

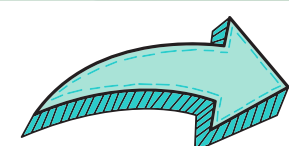

Dear Patients, Family members, Donors & Friends,

We are delighted to invite you to attend the 16th annual European Society for Blood and Marrow Transplantation Patient, Family and Donor Day, taking place live virtually on Saturday March 19, 2022, throughout the day.

This day has become an increasingly integral part of the EBMT Annual Meeting since 2007. The Patient, family and donor day sessions will include clinical experts on a range of bone marrow transplant, post-transplant issues and new scientific developments.

This unique and special day is free to attend. We are pleased to announce all sessions will be live-streamed in order to reach as many patients, along with their family and donors, as possible. We look forward to welcoming you!

EBMT Patient Advocacy Committee
